

BURLINGTON SHUT OUT

Couldn't Hit Coombs Who Pitched Star Game.

HE HAD FLAWLESS SUPPORT

Vickers Was Generous With Free Passes Besides Being Touched Up for Seven Hits—Score 3 to 0.

Burlington, August 17.—Coombs, backed up by flawless support, secured a shut out on Burlington yesterday afternoon, in an exceedingly fast game. Vickers was clearly outpitched, being touched up for seven hits, with a total of eight bases, passing three men and hitting another. Two of the passes were costly. The visiting twirler, on the other hand, besides allowing but six scattered hits, did not give a pass and struck out six men to three by Vickers. The score was 3 to 0.

The home team didn't have a real good chance to score during the entire game, so sharp was the fielding of the visitors. Dorman and Uniac made star catches for them, while Hays did the same for Burlington. The game was witnessed by about 2,300 people, who wanted to cheer the home team, but had little chance.

All the scoring was done in the third, eighth and ninth. In the third Eaton sneaked one past Hazelton and by fast leg work made second. He went to third on Ashmore's sacrifice, and scored on Shaughnessy's timely single. There were two out in the eighth when Vickers failed to locate little Dorman and passed him. Then came some opportune hitting by the visitors. Uniac and Morey singled, and Dorman crossed the pan with the second run.

Vickers' generosity, with two down, gave the visitors a start for a score in the ninth. Coombs was the man who drew the pass. Stankard laid down a pretty sacrifice and Coombs went to second. Reidy's out gave Coombs third, and then Eaton slashed out a two-sacker and Coombs scored. The score:

BOYS ELECT A MAYOR.

Nathan Kase Is Chosen Ruler of New York Playground.

New York, Aug. 17.—A unique election has been held among the boys who disport themselves on Hamilton Fish playground, on East side park. Under the tutelage of the city commissioner of parks they cast a regular ballot Tuesday night for mayor of the playground city, and elected Nathan Kase, 16 years old. All the boys under 18 were allowed to vote, and they rallied to Kase under the banner of the "political purity party." Leads to the number of 800 were registered, but less than half of them went to the polls in the heavy storm which prevailed.

The new mayor will be responsible for the care of the dumb-bells, trapeze and other apparatus used by the youngsters who frequent the park. He will appoint a squad to act as police agents, and other boys will be nominated to aid the park laborers in keeping the playground clear of rubbish.

COTTON LEAK INQUIRY.

Indictments Looked for Before the First of September.

Washington, August 17.—The usual air of secrecy pervaded the courthouse here yesterday, when the grand jury met to continue the inquiry into the cotton leakage cases. A number of witnesses were examined, but it was learned that none of them was from out of town—all being employees of the agricultural department and most of them having to do with the work of the statistical division.

Nothing could be ascertained as to the probable date of arrival from Europe of former Chief Statistician Hyde, who has indicated his desire to state what he knows concerning the work of the division. It was the belief at the courthouse that indictments will be returned before the retirement of District Attorney Beach on August 31.

MEET AND FIGHT.

Brothers, Separated Five Years, Resume Slugging Match.

Camden, N. J., Aug. 17.—An undertaker's wagon and a beer delivery wagon stopped yesterday morning at Broadway and Kaighns avenue, where the drivers climbed down from their seats, met and began to punch each other's faces. After fighting for several minutes they climbed back to their seats and drove away. The men were brothers, Michael and Thomas Martin. They met yesterday morning for the first time in five years and immediately resumed the fight, which first made them enemies. One brother lives in Camden and the other in Philadelphia.

BELCHER OFF TO HONOLULU.

Defaulting Paterson Mayor to Be Arrested on Arrival There.

Paterson, N. J., August 16.—Public Prosecutor Emley of this city has evidence that Mayor William H. Belcher, for whom a warrant for embezzlement has been issued, sailed from San Francisco on Saturday, August 5. With the cooperation of the federal and state governments, which Mr. Emley has already asked, he hopes to arrest the fugitive when the steamship touches at Honolulu. The authorities at Honolulu have been notified and are on the lookout.

While the prosecutor declined to give the details leading to the discovery of the whereabouts of the missing mayor, he is satisfied that within a week Belcher will be under arrest.

SITUATION FAVORABLE.

Smaller Percentage of Deaths Now in New Orleans.

New Orleans, Aug. 17.—Except that there were showers and a somewhat lower temperature yesterday, there was little change in the yellow fever situation, and the time of the federal authorities was largely taken up with routine work. With the large percentage of recoveries and the small percentage of deaths, the whole situation was regarded with cheerfulness.

Dr. Guiteras said that from what he had seen, he regarded the situation as favorable.

20 DEAD IN MINE CAVE-IN

A Score or More Buried Alive In Debris.

A TERRIBLE ACCIDENT

Fifty Workmen Caught in Cement Pit More Than 100 Feet Deep—Only a Few Escape Avalanche of Debris.

Allentown, Pa., August 17.—Twenty men are reported to have been instantly killed and more than twenty others buried alive yesterday afternoon by a cave-in of the Lehigh Portland Cement company's quarry at Ormond, eight miles from this city.

Fifty men were at work in the quarry at the time of the collapse of the walls. The pit where they were was nearly 100 feet deep. Plunging down on them went thousands of tons of debris, earth and rocks. Only a few escaped uninjured.

The cause of the cave-in was a recent heavy rain, which had so softened the walls of the pit that there was a slide of a large section of it. It came without warning while the men were at work, and was almost on top of them before they saw it.

Then there was a mad scramble for safety, but nearly all of the fifty were caught by the onrush of the slide and buried. Immediately after the alarm was sounded and the work of rescue began. By 2 o'clock fifteen persons had been taken out, several of these dead and others badly injured.

Most of the men were working close together, and this makes the rescue work easier. Three men were taken out within a short time after the rescuers went to work. All of them had been crushed to death. Now the rescuers are being urged to greater endeavors by the moans and groans of the victims. The heavy weight of the rock makes it extremely difficult to make quick progress.

At 3 o'clock the bodies of six other men who were lying close together had been partially uncovered. One of the men showed signs of life, but the others are believed to be dead.

Six injured men who were removed soon after the slide occurred have been brought to this city and are now at the Allentown hospital. They are so badly injured that the can give no account of the accident. Some of them cannot recover.

Most of the victims of the disaster were foreigners, laborers. Information in regard to the accident was refused by the officers in charge of the quarry yesterday. The principal officers of the company are not at the quarry, and those in charge denied information. The names of the killed and injured were given refused.

Ormond is about eight miles from Allentown, so that it has been extremely difficult to get full particulars in regard to the catastrophe. From the best estimates that can be made now it is believed that twenty are dead and others will die.

NINE ITALIANS ARE BLOWN TO SHREDS

The Result of a Feud With West Virginia Mountain Desperadoes—No Clue as Yet.

Elkins, W. Va., August 17.—Nine Italians were blown to shreds and their hut reduced to atoms by a dynamite explosion at the construction camp of the Dunlap Brothers, six miles from Durbin, between 1 and 2 o'clock Tuesday morning. It is thought to be another chapter in a feud between a gang of desperadoes and Italians. The crime was not discovered until daylight. The deed was premeditated, but there is no trace of perpetrators.

CAUSE OF SUICIDE.

Mental Specialist Tells Own Sensation in Seeking Death.

Recovered from mental trouble brought on by a severe attack of meningitis, Dr. William Gillet has left the retreat to which he was removed a few weeks ago and has resumed practice at his home office.

During a practice of medicine covering a quarter of a century, Dr. Gillet has made a specialty of mental and nervous diseases and, therefore, his experience with the mental disorder is peculiarly interesting.

"I can easily understand now why people commit suicide," said Dr. Gillet. "for I have had personal knowledge of that mania. It is an intense depression, which takes possession of the mind, and it is almost impossible to withstand. You feel as if you don't want to live any longer, you invite death."

"In searching my pockets, the attendants left my small lance in my vest. I was glad that they did. When that depressed feeling would come over me I would look at once for that lance; it was a sort of consolation to me. It was a means to the end—if I chose it. But I had sufficient will power to resist that depression, yet I had to fight against it; it was a constant struggle."

"One day they found the lance. They took it away from me, and one might suppose that I regretted the loss of the knife. But not so. I was glad the weapon of death was gone from me. I believe that some people are sane when they commit suicide, but I am convinced that the great majority of suicides are insane."—Detroit Evening News.

A Monopoly.

If no one in this world did wrong And truth in triumph laughed, Some simple rogue would come along And corner all the graft.

COMMISSIONER'S WORK IS OVER.

Dr. Paul Returns to Venezuela and Count Peretti Goes to Newport.

Northfield, Aug. 17.—The Franco-Venezuelan mixed commission for the settlement of French claims against the Venezuelan government came to its official end late Tuesday afternoon.

Dr. Jose De J. Paul the Venezuelan commissioner, left for New York at 7:35 o'clock expecting to sail for Caracas on the steamship Caracas Saturday. Umpire and Mrs. Frank Plumley, of this place, accompanied by Count Peretti de la Rocca, the French commissioner, left for Newport yesterday noon. Prof. H. R. Roberts, translator of French for the commission, went to his home in Sargentville, Me.

Before the close of the final session the commissioner for France took occasion on behalf of his government to express to the umpire his appreciation of the labors of the umpire and of the careful attention which had been given to the work of the commission and personally he expressed his very deep sentiments of appreciation of the manner in which the umpire had performed the duties incumbent upon him.

The commissioner for Venezuela, Dr. Jose De J. Paul, expressed his belief that the work of the umpire would prove of great value to his country in many respects in connection with future questions which might arise and he assured the umpire of the appreciation of his government of the service rendered and desired to express his high personal appreciation of the treatment accorded himself and his colleague by the umpire. The commissioners joined in felicitating themselves upon the attitude assumed by each toward the other in the work of the commission which had made it agreeable and pleasant and as first from any unpleasant features as it could possibly be made in the proper discharge of the duties devolving upon each. They joined in expressing to the umpire their appreciation of the courtesy extended to them by him in his desire to render their stay in his country most pleasing to them. To all of which Mr. Plumley made suitable response.

ELUSIVE GROSSMAN.

Has Been Working People in Oklahoma City.

Burlington, August 17.—Edmund C. Mower received a letter from the West yesterday to the effect that L. G. Grossman, the attorney who vanished from Burlington some time ago, after a short and somewhat eventful career, had made a brief appearance in Oklahoma City, Oklahoma, and had then disappeared again. Some time ago disbarment proceedings against Grossman were instituted in Vermont, and unsuccessful attempts were made to make service upon him in Concord, N. H., and in Boston, where he was known to have been seen. When Mr. Mower heard Grossman was in Oklahoma City, he sent the necessary papers there to the law firm of Charles Keaton and Wells to have service made upon them. A letter returning the document was received by Mr. Mower yesterday from Frank Wells, a member of the firm, who is also a member of the territorial bar commission, to the effect that the Grossman had been in Oklahoma City for a time and had succeeded in getting different sums of money from the people there by his usual methods and had then left for unknown parts.

OLD HOME DAY AT STOWE.

Programme Carried Out Before Large and Delighted Crowd.

Stowe, August 17.—The Old Home Week celebration here was carried out as arranged in the preliminary programme yesterday, with the exception of the fact that the picnic dinner was served in the auditorium instead of out doors as was planned. About one hundred persons were present in the afternoon to listen to the after-dinner programme, which was as follows: "Our Town," George S. McAllister; "Our Schools," C. M. Water; "Stowe's Educational Advantages as I Remember Them," Mrs. C. H. Stearns; "Our Churches," P. D. Pike; "Stowe's Part in the Great Civil War," H. G. Thomas; "Some of Stowe's Attractions," Mrs. Ball; "Old Home Week," Hattie Waite. The open air concert by the band which was to have been given Tuesday evening, was postponed until Friday evening, owing to the weather.

DIVIDE SIX MILLIONS.

Great Benjamin Drake Estate Settled Out of Court.

New York, Aug. 17.—The great Benjamin Drake estate left has been settled according to the will, and the property will be divided at once. It was valued 10 years ago at \$6,000,000, and has been the subject of much litigation.

Dr. Austin Drake of Springfield, Ill., is now on the way to this city, and it is understood will receive \$3,000,000 as his share of the estate.

The estate was left to two sons by their father, a grocerman for many years in this city. Both sons died intestate, and the estate reverted to a long list of collateral heirs living mainly in the West. It is said that all the litigants have now managed to agree, and the matter was settled out of court.

TOWER TO A PATRIOT HERO

Vermont's Monument to the Mighty Ethan Allen.

FAIRBANKS A SPEAKER

Ethan Allen's Fame Recalled by Loyal Sons of State on Anniversary of Bennington Battle Day.

Burlington, August 17.—Vermont's state holiday, the anniversary of the battle of Bennington, was signaled yesterday by the dedication of a memorial tower to the Revolutionary patriot, Ethan Allen, in this city. Charles W. Fairbanks, vice president of the United States, was the principal speaker. President Roosevelt was represented by Secretary of the Interior Ethan Allen Hitchcock, and Governor Charles J. Bell of Vermont and Governor John McLane of New Hampshire also participated.

The guests moved with a military procession from city hall park to Ethan Allen park, where the tower stands, the start being made at 1 o'clock. The exercises commenced at about 4 o'clock. There was a heavy rain fall during the night and yesterday forenoon.

The tower stands on a rocky bluff situated on the farm once owned by Ethan Allen and about three miles from city hall. This farm was purchased in 1902 by W. J. Van Patten, at that time mayor of Burlington. He gave a tract of fifteen acres, including the bluff known as Indian Rock, to the Vermont Society, Sons of the American Revolution, on condition that a stone observation tower should be erected on its summit, and it commands a wide and beautiful view of Lake Champlain, the Adirondacks and Green Mountains and the valley of the Winooski.

The date of the dedication is the 138th anniversary of the battle of Bennington. The military parade called for the participation of the largest number of regular and volunteer soldiers gathered together in Vermont for many years.

During the forenoon the weather became more promising and it was determined that the exercises should take place at the tower.

A banquet was held last evening at Armory Hall. Informal speeches were made by Vice President Fairbanks, Justice Brewer of the United States supreme court, Secretary Hitchcock, Governor Bell, and others.

LONG SEARCH ENDED.

Italian Claims He Has Found His Father's Murderer.

New York, Aug. 17.—Grown from boyhood to manhood in the years he has searched the western hemisphere for his father's murderer, Antonio Carracino, an Italian, yesterday claims he found the man in Blackwell's island penitentiary, New York.

The murder occurred in 1896, when Antonio was a boy of 14 and his father was a prominent Liberal politician of the province of Benevento, Italy. Politics were responsible for the crime, and though Giorgio Marchette, the suspected murderer, escaped from Italy, he was tried and condemned to life imprisonment according to Italian laws, in his absence.

After the sentence the boy Antonio sailed for America in search of the convicted man. From Buenos Ayres he worked up through the western hemisphere into Canada in long years of vain search. Antonio then went back to Italy to college, where he learned the profes-

son of engineering so that he might live in the United States, the hiding place, as he firmly believed, of his father's murderer. Lately he has been living in Allentown, Pa.

Yesterday he identified a man who is serving a one-year sentence here as Giorgio Marchette, and cabled to Italy for extradition papers and to his mother that his long search was ended.

ALICE IN WONDERLAND.

Daughter of the President to See China Before Return.

San Francisco, Cal., Aug. 17.—Advice received Wednesday by the Iner Mongolia, and corroborated by the Pacific Mail Steamship company, state that Miss Alice Roosevelt will not return here with Secretary of War Taft and party, scheduled to arrive on the Korea about Oct. 1.

Miss Roosevelt, it is said, has been invited to visit the family of Minister W. W. Lockhill at Peking, and will leave the Taft party upon her return to Japan from Manila. Accompanied by her companions, Miss McMillan and Miss Boardman, she will proceed to Peking, later returning to Japan or Shanghai, where she will board the steamer Mongolia, arriving here on Nov. 3.

Rest, Health and Comfort to Mother and Child.

MRS. WINSLOW'S SOOTHING SYRUP for children teething, softens the gums, reduces inflammation, allays all pain, and cures wind colic. Perfectly safe in all cases. We would say to every mother who has a suffering child, do not let your prejudice, nor the prejudices of others, stand between you and your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine. It is timely used. Price 25c a bottle.
